**Solis Capital Partners invests in Horizon Communications, a leader in telecommunications infrastructure and support services**

**NEWPORT BEACH, CA – November 5, 2013** – Solis Capital Partners (Solis), a lower middle-market private equity firm, today announced that it has acquired an equity interest in Horizon Communications (Horizon), a leading provider of telecommunications infrastructure and contractor services.

Horizon is a specialist provider of telecommunications and electrical infrastructure installation and support services, including Wi-Fi, and DAS solutions, riser management and structured cabling. Horizon's customers include telecommunications carriers, data center owners and operators, and major real estate owners across the United States. Horizon has installed wireless infrastructure at some of the most recognizable sporting venues in the Western United States, including AT&T Park, HP Pavilion and the Honda Center. Horizon is headquartered in Irvine, CA.

"We are very excited to partner with Horizon to support the Company's next phase of growth and evolution," said Daniel Lubeck, Managing Director and Founder of Solis. "At Solis, we seek to partner with outstanding leadership teams that have proven records of success and expertise. We are very impressed with Mike DeGraw and his team at Horizon. They are at the forefront of meeting the world's growing demand for connectivity and mobility, and are positioned to do great things."

"Partnering with Solis is a milestone for Horizon," said Mike DeGraw, CEO at Horizon. "Solis brings valuable strategic and financial resources, which will help Horizon capitalize on its significant opportunities. The world is demanding more connectivity and data capabilities. Whether it's for stadiums, arenas, data centers or office towers, Horizon is providing the solutions. These are very exciting times in our industry."

Horizon is the second investment in Solis II, which closed in May 2013.
